

British Journal of Venereal Diseases

Editorial : The International Scene	1
Resolution on the Control of Sexually-transmitted Diseases <i>Council of Europe Committee of Ministers</i>	3
<i>Treponema pallidum</i> in nerve fibres <i>N. M. Ovčinnikov and V. V. Delektorskij</i> (U.S.S.R.)	10
New evidence for the non-infectivity of <i>Treponema pallidum</i> for mice <i>R. F. Schell, D. M. Musher, K. Jacobson, and P. Schwethelm</i> (U.S.A.)	19
Mouse intracerebral infection with <i>N. gonorrhoeae</i> <i>B. B. Diena, A. Ryan, F. E. Ashton, R. Wallace, M. B. Perry, and V. Daoust</i> (Canada)	22
Culture of urinary sediment for the diagnosis of gonorrhoea in women <i>T. A. Chapel and M. Smeltzer</i> (U.S.A.)	25
Indirect fluorescence test for the detection of anti-gonococcal antibodies <i>A. E. Wilkinson</i> (Gt. Britain)	28
Trimethoprim-sulphamethoxazole in gonorrhoea <i>J. K. Kristensen and E. From</i> (Denmark)	31
Antibiotic susceptibility of <i>N. gonorrhoeae</i> isolated in the Western Pacific in 1971 <i>L. P. Watko and W. J. Brownlow, Jr.</i> (U.S.A.)	34
Spectinomycin in the treatment of gonorrhoea in females and males <i>A. H. Finger</i> (Australia)	38
Gonorrhoea in 1972. One year study of patients attending the VD Unit in Uppsala <i>J. Wallin</i> (Sweden)	41
Trial of sustained-release tetracycline in the treatment of gonorrhoea <i>P. S. Silver</i> (Gt. Britain)	48
Pharmacokinetics of tinidazole and metronidazole in women after single large oral doses <i>B. A. Wood and A. M. Monro</i> (Gt. Britain)	51
Trichomonal vaginitis treated with a 24-hr regimen of nimorazole compared with a 7-day regimen of metronidazole <i>A. S. Wigfield</i> (Gt. Britain)	54
Psychological morbidity in a clinic for sexually-transmitted disease <i>R. Mayou</i> (Gt. Britain)	57
Streptococcal pyoderma of the penis following fellatio <i>L. M. Drusin, B. M. Wilkes, and R. D. Gingrich</i> (U.S.A.)	61
Report of The Chief Medical Officer for 1973	63
Abstracts	69

APRIL 1975 Vol 51 No 2

Clinical value of the <i>Treponema pallidum</i> haemagglutination test <i>D. H. H. Robertson, A. McMillan, H. Young, and C. Henrichsen (Gt Britain)</i>	79
Scanning electron microscopy and freeze-etching of gonorrhoeal urethral exudate <i>H. Farzadegan and I. L. Roth (USA)</i>	83
Mercaptoethanol-resistant human serum antibodies reacting with endotoxin from <i>Neisseria gonorrhoeae</i> <i>J. A. Mæland and B. Larsen (Norway)</i>	92
Single-dose treatment of uncomplicated gonorrhoea in males with minocycline <i>M. Shahidullah (Gt Britain)</i>	97
Comparison of oral ampicillin and doxycycline in the treatment of uncomplicated gonorrhoea <i>W. Enfors and G. Eriksson (Sweden)</i>	99
Clinical applications of an Automatic Data Handling System for sexually-transmitted diseases <i>G. Eriksson, L. Persson, and J. Wessman (Sweden)</i>	104
Antenatal screening for candidiasis, trichomoniasis, and gonorrhoea <i>R. A. Sparks, G. L. Williams, J. M. H. Boyce, T. C. Fitzgerald, and G. Shelley (Gt Britain)</i>	110
Value of Papanicolaou-stained smears in the diagnosis of trichomoniasis, candidiasis, and cervical herpes simplex virus infection in women <i>R. N. T. Thin, W. Atia, J. D. J. Parker, C. S. Nicol, and G. Canti (Gt Britain)</i>	116
Genital yeasts in female patients attending a VD clinic <i>F. E. Willmott (Gt Britain)</i>	119
Miconazole nitrate compared with chlordantoin in the treatment of vaginal candidiasis <i>D. F. Morris and D. L. Sugrue (Gt Britain)</i>	123
Comparison of the treatment of herpes genitalis in men with proflavine photoactivation, idoxuridine ointment, and normal saline <i>P. K. Taylor and N. R. Doherty (Gt Britain)</i>	125
Neutral red with photoactivation in the treatment of herpes genitalis <i>A. P. C. H. Roome, A. E. Tinkler, A. L. Hilton, D. G. Montefiore, and D. Waller (Gt Britain)</i>	130
Schistosomiasis of the urinary bladder <i>R. B. Roy and M. J. Hayward (Gt Britain)</i>	134
Donovanosis (granuloma inguinale) of the oral cavity <i>B. R. Garg, S. Lal, B. M. S. Bedi, D. V. Ratnam, and D. N. Naik (India)</i>	136
Syphilitic balanitis of Follmann developing after the appearance of the primary chancre <i>K. Lejman and Z. Starzycki (Poland)</i>	138
Syphilitic myositis <i>J. H. J. Durston and F. J. G. Jefferiss (Gt Britain)</i>	141

JUNE 1975 Vol 51 No 3

How useful are our present statistics on sexually-transmitted diseases? <i>K. Woodcock</i> (Gt Britain)	153
Role of IgG fractions with high isoelectric points in the thymol turbidity test in syphilis <i>J. J. van der Sluis and H. E. Menke</i> (The Netherlands)	158
Preference for basic IgG in early syphilis <i>J. J. van der Sluis, H. E. Menke, and H. Neumann</i> (The Netherlands)	161
A study of yaws among pygmies in Cameroon and Zaire <i>S. Pampiglione and A. E. Wilkinson</i> (Italy and Great Britain)	165
Effect of infection with gonococci on myeloperoxidase activity of leucocytes <i>W. W. Schultz and D. W. Thomas</i> (USA)	170
Possible inhibition of <i>N. gonorrhoeae</i> by <i>C. albicans</i> <i>J. Wallin and H. Gnarpe</i> (Sweden)	174
Specificity of human serum antibodies against endotoxin from <i>N. gonorrhoeae</i> <i>J. A. Maeland and R. Matre</i> (Norway)	176
Single-dose treatment of gonorrhoea with cotrimoxazole <i>G. Rahim</i> (Gt Britain)	179
Ampicillin plus probenecid compared with procaine penicillin plus probenecid in the treatment of gonorrhoea <i>P. K. Taylor and A. D. Seth</i> (Gt Britain)	183
Treatment of gonorrhoea in the female with fortified procaine penicillin plus probenecid and with spectinomycin <i>K. Panikabutra</i> (Thailand)	188
Frequency of <i>N. gonorrhoeae</i> , <i>T. vaginalis</i> , and <i>C. albicans</i> in female venereological patients <i>G. Eriksson and L. Wanger</i> (Sweden)	192
Non-specific urethritis and the tetracyclines <i>A. S. Grimble and K. L. Amarasuriya</i> (Gt Britain)	198
Minocycline in the treatment of non-gonococcal urethritis <i>R. R. Willcox, R. W. Sparrow, and C. M. Fazluddin</i> (Gt Britain)	206
Natamycin in genital candidosis in men <i>G. Masterton, S. M. Sengupta, and C. B. S. Schofield</i> (Gt Britain)	210

AUGUST 1975 Vol 51 No 4

Importance of the so-called 'other' sexually-transmitted diseases <i>R. R. Willcox</i> (Gt Britain)	221
Application of the enzyme-linked immunosorbent assay (ELISA) in the serodiagnosis of syphilis <i>J. Veldkamp and A. M. Visser</i> (The Netherlands)	227
Automation of a flocculation test for syphilis on Groupomatic Equipment <i>M. Garretta, A. Paris-Hamelin, J. Gener, A. Muller, C. Matte, and A. Vaisman</i> (France)	232
Cell response in rabbits infected with <i>T. pallidum</i> as measured by the Leucocyte Migration Inhibition Test <i>V. Wicher and K. Wicher</i> (USA)	240
Distribution of levels of penicillin resistance among freshly isolated strains of <i>N. gonorrhoeae</i> . Application of a novel sensitivity assay <i>R. Shannon, A. J. Hedges, and R. J. Edwards</i> (Gt Britain)	246
A new colonial type of <i>N. gonorrhoeae</i> <i>K. Chan and G. M. Wiseman</i> (Canada)	251
Activity of eight antimicrobial agents <i>in vitro</i> against <i>N. gonorrhoeae</i> <i>E. Stolz, H. G. F. Zwart, and M. F. Michel</i> (The Netherlands)	257
Minimum inhibitory concentrations of penicillin and minocycline for 300 isolates of <i>N. gonorrhoeae</i> <i>M. Shahidullah and P. W. Greaves</i> (Gt Britain)	265
Differential susceptibility of Type 1 and Type 4 gonococci to chlorhexidine (Hibitane) <i>S. A. Waitkins and I. Geary</i> (Gt Britain)	267
Spectinomycin in gonorrhoea <i>J. Ribeiro and S. I. A. L. Mathieson</i> (Gt Britain)	272
Herpes genitalis and circumcision <i>P. K. Taylor and P. Rodin</i> (Gt Britain)	274
Cytomegalovirus in female patients attending a VD clinic <i>F. E. Willmott</i> (Gt Britain)	278
Treatment of trichomoniasis in the female. A comparison of metronidazole and nimorazole <i>R. B. Roy, S. M. Laird, and L. Heasman</i> (Gt Britain)	281
The control of venereal disease <i>J. W. R. Harris</i> (Gt Britain)	285
Book reviews	289
Abstracts	290

OCTOBER 1975 Vol 51 No 5

Editorial	295
Investigations on <i>in vitro</i> survival and virulence of <i>T. pallidum</i> under aerobiosis T. Rathlev (Denmark)	296
Effects of oxygen and nitrogen on the character of <i>T. pallidum</i> in subcutaneous chambers in mice I. Horvath, R. J. Arko, and J. C. Bullard (Hungary and USA)	301
Effect of spectinomycin on <i>T. pallidum</i> in incubating experimental syphilis D. Petzoldt (W. Germany)	305
Prevalence of gonorrhoea among women using various methods of contraception G. S. Berger, L. Keith, and W. Moss (USA)	307
Chlamydial infection of the male baboon urethra R. F. di Giacomo, J. L. Gale, S.-P. Wang, and M. D. Kiviat (USA)	310
Isolation of <i>Chlamydia</i> from women attending a clinic for sexually transmitted disease D. C. MacD. Burns, S. Darougar, R. N. Thin, L. Lothian, and C. S. Nicol (Gt Britain)	314
Antitrichomonal antibody in the vaginal secretions of women infected with <i>T. vaginalis</i> J. P. Ackers, W. H. R. Lumsden, R. D. Catterall, and R. Coyle (Gt Britain)	319
Incidence of <i>Herpesvirus hominis</i> antibodies among blood donor populations A. P. C. H. Roome, D. Montefiore, and D. Waller (Gt Britain)	324
False-positive FTA-ABS results in patients with genital herpes J. T. Wright, A. W. Cremer, and G. L. Ridgway (Gt Britain)	329
Cervical cytology in genital infection W. A. Atia and R. N. Thin (Gt Britain)	331
Evaluation of a sustained-release oral tetracycline in non-specific urethritis P. M. Perera (Gt Britain)	333
Intensive and prolonged tetracycline therapy in non-specific urethritis N. Helmy and W. Fowler (Gt Britain)	336
Blood ethanol concentrations in patients attending special clinics in Glasgow C. B. S. Schofield, E. Wilson, A. R. Patel, T. McGhie, and G. M. Wilson (Gt Britain)	340
Reiter's disease in a female, presenting as erythema nodosum A. McMillan (Gt Britain)	345
Leucomelanoderma in early syphilis R. K. Pandhi, T. R. Bedi, and L. K. Bhutani (India)	348
Tabes dorsalis with sudden onset of paraplegia A. K. Ghosh and S. Holt (Gt Britain)	349
Book review	351
Abstracts	352

DECEMBER 1975 Vol 51 No 6

Further studies of <i>T. vaginalis</i> with transmission and scanning electron microscopy N. M. Ovčinnikov, V. V. Delektorskij, E. N. Turanova, and G. N. Yashkova (USSR)	357
Effect of tissue culture cells in promoting prolonged survival of <i>N. gonorrhoeae</i> in artificial subcutaneous cavities in mice S. A. Waitkins (Gt Britain)	376
Cultivation of Type 1 <i>N. gonorrhoeae</i> in liquid media K. Chan, G. M. Wiseman, and J. D. Caird (Canada)	382
Radioimmunoassay for quantifying antibody to <i>N. gonorrhoeae</i> in human sera M. K. Luoma, W. R. Cross, and J. A. Rudbach (USA)	387
Gonorrhoea screening programme G. R. Najem (USA)	392
Gonorrhoea of the throat at a venereological clinic L. Hallqvist and S. Lindgren (Sweden)	395
Amoxycillin in the treatment of gonorrhoea J. D. Price and J. L. Fluker (Gt Britain)	398
Group B streptococci in venereal disease clinic patients J. Wallin and A. Forsgren (Sweden)	401
Social background and diagnosis. Survey of male clinic registrations C. P. Heywood and P. M. Bacon (Gt Britain)	405
Correspondence	410
